Molecular Biophysics in the Northeast 2019

November 9th @ Northeastern University, Boston
Interdisciplinary Science and Engineering Complex

This meeting aims to stimulate discussion between the many experimental and theoretical molecular biophysics researchers in the northeastern region.

Most presentations will be from younger scientists!

Invited Speakers

Min Chen – Univ. Massachusetts
Dmitri Ermolenko – Rochester Med.
Nicolas Fawzi – Brown University
Yu-Shan Lin – Tufts University

Important Dates

9/15 : Abstract submission deadline
Early registration rate ends
10/25 : Registration closes

Sponsored by the Northeastern University
Departments of Physics and Bioengineering
