REFEREED RESEARCH PUBLICATIONS

Adsorption Mechanisms of Nicotine on Humic Acid and a Clay Humic Acid Complex, by AH Khairy, HH Baghdadi and EA Ghabbour, *Z. Pflanzenernahr. Bodenk.,* 153, 33-38, 1990.

Isolation of Humic Acid from the Brown Alga Pilayella littoralis, by EAGhabbour, AH Khairy, DP Cheney, V Gross, G Davies, TR Gilbert and X Zhang, *J. Appl. Phycol.,* 6: 459-468, 1994.

Structural Modeling in Humic Acids, by S Jansen, M Malaty, S Nwabara, E Johnson, EA Ghabbour, G Davies, J Varnum, *Mater. Sci. & Engineer. C: Biomimetic Mater., Sens. & Sys.,* C4(3): 175-179, 1996.

The Role of Metal Complexation in the Solubility and Stability of Humic Acid, by S Jansen, M Paciolla, E Ghabbour, G Davies, JM Varnum, *Mater. Sci. & Engineer. C: Biomimetic Mater., Sens. & Sys.,* C4(3): 181-187, 1996.

Adsorption of Aqueous Nucleobases, Nucleosides, and Nucleotides on Compost-Derived Humic Acid. 1. Naturally Occurring Pyrimidines, by AH Khairy, G Davies, EA Ghabbour and HZ Ibrahim, *J. Phys. Chem.,* 100: 2410-2416, 1996.

Adsorption of Aqueous Nucleobases, Nucleosides, and Nucleotides on Compost- Derived Humic Acid. 2. Naturally Occurring Purines, by AH Khairy, G Davies, EA Ghabbour and HZ Ibrahim, *J. Phys. Chem.,* 100: 2417-2423, 1996.

Tight Metal Binding by Humic Acids, and its Role in Biomineralisation, by G Davies, A Fataftah, A Cherkasskiy, EA Ghabbour, SA Jansen, S Kolla, MD Paciolla, LT.Sein, Jr., W Buermann, M Balasubramanian, J Budnick and B Xing, *J. Chem. Soc. Dalton.,* 4047-4060, 1997.

Adsorption of Aqueous Nucleobases, Nucleosides and Nucleotides on Humic Acids. 3. Adsorption of Uracil, Uridine and Uridine-5'-Monophosphate on a German Peat-derived Humic Acid and its Tightly Bound Mercury(II) Form, by EA Ghabbour, G Davies, A Fataftah, NK Ghali, ME Goodwillie, SA Jansen and NA Smith, *J. Phys. Chem.,* 101B: 8468-8476, 1997.

Isolation of Humic Acid from the Brown Algae Ascophyllum nodosum, Fucus Versiculosus, Laminaria saccharina and the Marine Angiosperm Zostera marina, by A Radwan, G Davies, A Fataftah, EA Ghabbour, SA Jansen and RJ Willey, *J. Appl. Phycol.,* 8: 553-562, 1997.

Supercritical Fluid CO_2 Extraction Accelerates Isolation of Humic Acid from the Live Alga Pilayella littoralis, by A Radwan, RJ Willey, G Davies, A Fataftah, EA Ghabbour and SA Jansen, *J. Appl. Phycol.,* 8: 545-551, 1997.

A Site Creation Model for Adsorption of Aqueous Nucleobases, Nucleosides and Nucleotides on Compost-derived Humic Acid, by G Davies, EA Ghabbour, AH Khairy and HZ Ibrahim, *J. Phys. Chem.,* 101B: 3228-3239, 1997.

Isolation of Humic Acid from the Terrestrial Plant Brugmansia sanguinea, by G Davies, A Fataftah, EA Ghabbour, SA Jansen, A Radwan and RF Raffauf, *Sci. Total Environ.,* 201: 79-87, 1997.

Humic Acid Gel Drying with Supercritical CO_2, by RJ Willey, A Radwan, ME Vozzella, A Fataftah, EA Ghabbour and G Davies, *J. Non-Cryst. Solids,* 225: 30-35 1998.

Understanding Life After Death, By G Davies, EA Ghabbour, *Chem. Industry,* 7 June 1999, 426-430.

Adsorption of Uracil on Copper(II)-Loaded Peat and Soil Derived Humic Acids, by EA Ghabbour, G Davies and N.A. Smith, Egypt. *J. Chem. Environ.,* 2: 385-388, 1999.

Quantitative Characterization of Humic Acids by Solid-State ^{13}C NMR, by J Mao, W-G. Hu, K Schmidt-Rohr, G Davies, EA Ghabbour and B. Xing, *Soil Sci. Amer. J.,* 64: 873-884, 2000.

Generation of Hydroxyl Radicals from Metal-Loaded Humic Acids, by MD Paciolla, G Davies, EA Ghabbour and SA Jansen, *Environ. Sci. Technol.,* 33: 1814-1818, 1999, (see also *Environ. Sci. Technol*., 34: 728, 2000).

Adsorption of Nucleic Acid Constituent Uracil on Copper(II)-loaded Solid Peat and Soil Derived Humic Acids, by EA Ghabbour, G Davies, RA Dunfee, NA Smith, ME Vozzella, *Can. J. Soil Sci*., 2001, 81: 309-316.

The Effect of Temperature on Tight Metal Binding by Peat and Soil Derived Solid Humic Acids, by EA Ghabbour, G Davies, NK Ghali, MD Mulligan, *Can. J. Soil Sci*., 2001, 81: 331-336.

Investigation of Molecular Motion of Humic Acids by 1-D and 2-D NMR, by K. Wang, L.C. Dickinson, EA Ghabbour, G Davies, B Xing, in: *Humic Substances: Structures, Models and Functions,* EA Ghabbour and G Davies, eds., Royal Society of Chemistry, Cambridge, 2001, p. 69-78.

Tight metal binding by solid phase peat and soil humic acids., by G Davies, EA Ghabbour, A Cherkasskiy, A Fataftah, in: *Humic Substances and Chemical Contaminants*, CE Clapp, MHB Hayes, N Senesi, PR Bloom, PM Jardine, eds., Soil Science Society of America, Madison, WI, 2001, p. 371-395.

Humic Substances: Marvelous Products of Soil Chemistry, by G Davies, EA Ghabbour, C Steelink*, J. Chem. Educ*., 2001, 78: 1609-1614.

Suitability of Different ^{13}C Solid-state NMR Techniques in the Characterization of Humic Acids, by J Mao, W Hu, G Ding, K Schmidt-Rohr, G Davies, EA Ghabbour, B Xing, *Intern. J. Environ. Anal. Chem*., 2002, 82: 183-196.

Proton Spin-Lattice Relaxation Times of Humic Acids as Determined by Solution NMR by K Wang, LC Dickinson, EA Ghabbour, G Davies, B Xing. *Soil Sci.* 2003, 168: 128-136.

Phenanthrene Sorption by Clay-Humic Complexes, by K Wang, EA Ghabbour, G Davies, B Xing, in: *Humic Substances: Nature's Most Versatile Materials*, E A Ghabbour, G Davies, eds., Taylor & Francis, New York, 2004, pp. 173-181.

Thermodynamics of Humic Acids Adsorption on Kaolinite by EA Ghabbour, G Davies, K O'Donaughy, TL Smith, ME Goodwillie*, Environ. Sci. Technol*., 2004, 38: 3338-3342.

Metal Binding by Humic Acids Isolated from Water Hyacinth Plants (*Eichhornia crassipes* [Mart.] Solm-Laubach: Pontedericae) from the Nile Delta, Egypt, by EA Ghabbour, G Davies, Y-Y Lam, ME Vozzella, *Environ. Pollution*, 2004, 131: 445-451.

Thermodynamics of Metal Cation Binding by a Solid Soil-derived Humic Acid. Binding of Fe(III), Pb(II) and Cu(II), by EA Ghabbour, M Shaker, A El-Toukhy, IM Abid, G Davies, *Chemosphere*, 2006: 63: 477-483.

Thermodynamics of Metal Cation Binding by a Solid Soil-derived Humic Acid. 2. Binding of Mn(II), $Co(NH_3)_6^{3+}$ and Hg(II), by EA Ghabbour, M Shaker, A El-Toukhy, IM Abid, G Davies, *Chemosphere*, 2006, 64: 826-833.

Spectroscopic Characterization of Humic Acid Fractions Isolated from Soil using Different Extraction Procedures, by LT Shirshova, EA Ghabbour, G Davies, *Geoderma*, 2006, 133: 204-216.

XAFS Studies of Cobalt(II) Binding by Peat, Plant and Soil-derived Solid Humic Acids, by EA Ghabbour, AC Scheinost, G Davies, *Chemosphere,* 2007, 67: 285-291.

Humic Substances: Essential Components of a Healthy Soil, by E. A. Ghabbour and G. Davies, *Natural Farmer*, 2009, 2: 15-18.

Spectrophotometric Analysis of Fulvic Acid Solutions - A Second Look, by EA Ghabbour, G Davies, <www.aes.northeastern.edu> *Ann. Environ. Sci.,* 2009, 3: 131-138.

Environmental Insights from Langmuir Adsorption Site Capacities, by EA Ghabbour, G Davies, *Colloids & Surfaces A: Physicochemical and Engineering Aspects,* 2011, 381: 37-40.

Measuring of the Humic Acid Contents of Commercial Lignites and Agricultural Top Soils in the National Soil Project," by Elham A. Ghabbour, Geoffrey Davies, John L. Daggett, Jr., Christopher A. Worgul, Gregory A. Wyant and Mir-M. Sayedbagheri, <*www.aes.northeastern.edu*> *Ann. Environ. Sci.,* 2012, 6: 1-12.

BOOKS AND BOOK CHAPTERS

Humic Substances: Structures, Properties and Uses, G Davies and EA Ghabbour, eds., Royal Society of Chemistry, Cambridge, 1998.

Generation of Free Radicals by HA: Implications for Biological Activity, by MD Paciolla, S Kolla, LT Sein, Jr., JM Varnum, DL Malfara, G Davies, EA Ghabbour and SA Jansen, in Humic Substances: Structures, Properties and Uses, G. Davies and E.A. Ghabbour, eds., Royal Society of Chemistry, Cambridge, 1998, pp. 203-214.

Understanding Humic Substances: Advanced Methods, Properties and Applications, EA Ghabbour and G Davies, eds., Royal Society of Chemistry, Cambridge, 1999.

Evaluation of Different Solid-State 13C NMR Techniques for Characterizing Humic Acids B Xing, J Mao, W-G. Hu, K Schmidt-Rohr, G Davies and EA Ghabbour, in: Understanding Humic Substances: Advanced Methods, Properties and Applications, EA Ghabbour and G Davies, eds., Royal Society of Chemistry, Cambridge, 1999, pp. 49-61.

Humic Substances: Versatile Components of Plants, Soil and Water, EA Ghabbour and G Davies, eds., Royal Society of Chemistry, Cambridge, 2000.

Humic Substances: Structures, Models and Functions, EA Ghabbour, G Davies, eds., Royal Society of Chemistry, Cambridge, 2001, 259 pp.

Supercritical CO_2 Drying of Peat and Soil Derived Humic Acid Gels, by RJ Willey, ME Vozzella, EA Ghabbour and G Davies, in Understanding and Managing Organic Matter in Soil, Sediments and Water, RS Swift and KM Spark, eds., International Humic Substances Society, Adelaide, Australia, 2001, pp. 47-52.

Proceedings of the Twentieth Anniversary Conference of the International Humic Substances Society by EA Ghabbour, G Davies, eds., International Humic Substances Society, Minneapolis, MN, 2002, 481pp.

XAFS Studies of Cobalt(II) Binding by Peat, Plant and Soil Derived Humic Acids, by EA Ghabbour, A Scheinost, G Davies, in: Proceedings of the Twentieth Anniversary Biennial Conference of the International Humic Substances Society, Minneapolis, MN, 2002, p. 277-282.

Humic Substances: Nature's Most Versatile Materials, by EA Ghabbour, G Davies, eds., Taylor & Francis, New York, 2004, 372 pp.

Adsorption of Adenine or Adenosine on a Calcium-Loaded Solid Humic Acid, by EA Ghabbour, J Blakeman, K Datta, K Piasta, G Davies, in: Humic Substances in the Soil and Water Environment, L Martin Neto, DMBP Milori, WTL da Silva, eds., International Humic Substances Society, Sao Pedro, Brazil, 2004, p. 483-486.

Adsorption of Nucleic Acid Constituents Adenine and Adenosine on an Iron(III)-Loaded Soil Derived Humic Acid, by EA Ghabbour, KM Collins, J-BT Park, M Price, G Davies, in: Humic Substances in the Soil and Water Environment, L Martin Neto, DMBP Milori, WTL da Silva, eds., International Humic Substances Society, Sao Pedro, Brazil, 2004, p. 487-490.

A Magnesium-Loaded Humic Acid as an Adsorbent of the Nucleic Acid Constituents Uracil and Uridine, by EA Ghabbour, L Kennedy, C Nguyen, A Shareb, G Davies, in: Humic Substances in the Soil and Water Environment, L Martin Neto, DMBP Milori, WTL da Silva, eds., International Humic Substances Society, Sao Pedro, Brazil, 2004, p. 491-494.

Humic Acid-Bound Magnesium Catalyzes Adenosine Hydrolysis, by EA Ghabbour, SM McNutt, G Davies, in: Humic Substances in the Soil and Water Environment, L Martin Neto, DMBP Milori, WTL da Silva, eds., International Humic Substances Society, Sao Pedro, Brazil, 2004, p. 495-496.

Humic Substances: Molecular Details and Applications in Soil and Water Conservation, EA Ghabbour, G Davies, eds., Taylor & Francis, New York, 2005, 280 pp.

CONFERENCE PROCEEDINGS AND PRESENTATIONS

Alga as Monitors of Heavy Metals in Seawater, by DP Cheney, G Davies, EA Ghabbour and TR Gilbert, Barnett Institute Science Day, March, 1994.

Adsorption of Nucleic Acid Constituents on Compost Humic Acid, by AH Khairy, G Davies, EA Ghabbour and HZ Ibrahim, Barnett Institute Science Day, March, 1994.

Isolation of Humic Acid from Alga, by EA Ghabbour, DP Cheney, V Gross, G Davies, AH Khairy, TR Gilbert and X Zhang, Barnett Institute Science Day, March, 1994.

Isolation of Humic Acid from Live Plants, by G Davies, EA Ghabbour, DP Cheney and TR Gilbert, Barnett Institute Science Day, March, 1995.

Adsorption of Nucleobases, Nucleosides, and Nucleotides on Compost-Derived Humic Acid. 1. Naturally Occurring Pyrimidines, by EA Ghabbour, AH Khairy, G Davies and HZ Ibrahim, Barnett Institute Science Day, March, 1995.

Distribution of Polysaccharides in Humic Acids Derived from Plant Sources, by SA Jansen, S Kolla, LT Sein, Jr., MD Paciolla, A Radwan, G Davies, JM Varnum and EA Ghabbour, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Conformational Modelling of a Proposed Building Block of Humic Acid: Searching Chirally Undefined Conformational Space, by LT Sein, Jr., S Kolla, JM Varnum, G Davies, SA Jansen, M Malaty and EA Ghabbour, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Metal Uptake by Metal Free Humic Acid, by JM Varnum, S Kolla, MD Paciolla, LT Sein, Jr., S Nwabara, P Kim, A Fataftah, G Davies, EA Ghabbour and SA Jansen, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Rapid Supercritical Fluid Extraction of Humic Acids, by A Radwan, RJ Willey, G Davies, SA Jansen and EA Ghabbour, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Ash and Metal Free Humic Acids, by G Davies, A Fataftah, A Cherkasskiy, A Radwan, SA Jansen, M Paciolla and EA Ghabbour, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Isolation of Humic Acids from Live Plants, by G Davies, A Fataftah, A Radwan, RJ Willey, EA Ghabbour and SA Jansen, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Aerogels: New High Surface Area Forms of Solid Humic Acids, by G Davies, A Fataftah, A Radwan, RJ Willey, EA Ghabbour and SA Jansen, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September 1996.

Models for Adsorption on Humic Acids, by G Davies, EA Ghabbour, AH Khairy and HZ Ibrahim, 8th International Humic Substances Society Meeting, Wroclaw, Poland, September, 1996.

Properties of Humic Acids from Different Sources, by G Davies, A Fataftah, EA Ghabbour, A Cherkasskiy, NK Ghali, ME Goodwillie, K O'Donaughy, NA Smith, T L Smith and ME Vozzella, Presidential Week Research Poster Session, Northeastern University, January, 1997.

Adventures with Humic Acids, by G Davies, A Fataftah, EA Ghabbour, A Cherkasskiy, NK Ghali, M Goodwillie, K O'Donaughy, NA Smith, TL Smith and ME Vozzella, 36th Annual NESACS Undergraduate Research Symposium, Boston, MA. April, 1997.

Ash and Metal Free Humic Acids, G Davies, A Fataftah, A Cherkasskiy, A Radwan, EA Ghabbour and SA Jansen, 213th ACS National Meeting, San Francisco, April, 1997.

Thermodynamics of a Biosynthetic Pathway for Soil Derived Humic Acid, by LT Sein, Jr., S Kolla, SA Jansen, G Davies, A Fataftah and EA Ghabbour, 27th ACS Northeast Regional Meeting, Saratoga Springs, New York, June, 1997.

Humic Acid as a Respirable Carcinogen, by MD Paciolla, SA Jansen, D Malfara, G Davies, A Fataftah and EA Ghabbour, 27th ACS Northeast Regional Meeting, Saratoga Springs, New York, June, 1997.

Adsorption of Humic Acid from Different Sources on Clay Minerals. 1: Kaolinite, by G Davies, EA Ghabbour, ME Goodwillie, K O'Donaughy and TL Smith, 27th ACS Northeast Regional Meeting, Saratoga Springs, New York, June, 1997.

An Empirical Formula for Humic Acid, by SA Jansen, LT Sein, Jr., MD Paciolla, G Davies, A Fataftah, EA Ghabbour, MHB Hayes and BE Watt, 27th ACS Northeast Regional Meeting, Saratoga Springs, June, 1997.

Adsorption of Uracil, Uridine and Uridine-5'-monophosphate on Humic Acids from Different Sources and Their Mercury(II) Loaded Forms, by EA Ghabbour, G Davies, A Fataftah, A Cherkasskiy, NK Ghali, ME Goodwillie, SA Jansen, NA Smith and ME Vozzella, 27th ACS Northeast Regional Meeting, Saratoga Springs, New York, June, 1997.

A Site Creation Model for Adsorption on Humic Acids, by G Davies, EA Ghabbour, AH Khairy and HZ Ibrahim, 27th ACS Northeast Regional Meeting, Saratoga Springs, New York, June, 1997.

Generation of Free Radicals by HA: Implications for Biological Activity, by MD Paciolla, S Kolla, LT Sein, Jr., JM Varnum, DL Malfara, G Davies, EA Ghabbour and SA Jansen, Humic Substances Seminar II, Northeastern University, Boston, March, 1998.

Adsorption of a Plant and a Soil Derived Humic Acid on the Common Clay Kaolinite, by EA Ghabbour, G Davies, K O'Donaughy, TL Smith and ME Goodwillie, Humic Substances Seminar II, Northeastern University, Boston, March, 1998.

Structure and Elemental Composition of Humic Acids: Comparison between Solid-State 13C NMR and Chemical Analysis, by J Mao, W Hu, K Schmidt-Rohr, G Davies, EA Ghabbour and B Xing, Humic Substances Seminar II, Northeastern University, Boston, March, 1998.

Humic Acid Gel Drying with Supercritical CO_2, by RJ Willey, EA Ghabbour, A Radwan, ME Vozzella, A Fataftah and G Davies, Barnett Institute Science Day, May, 1998

Humic Acid-Minerals Interactions. Adsorption of Humic Acids from Different Sources on Kaolinite, by EA Ghabbour, G Davies, K O'Donaughy, TL Smith, Barnett Institute Science Day, May, 1998

Adsorption of Humic Acids on Clays and Minerals. 1. Adsorption of Peat- and Soil-derived Humic Acids on Kaolinite, by EA Ghabbour, G Davies, K O'Donaughy, TL Smith and ME Goodwillie, 216th ACS National Meeting, Boston, MA, August, 1998.

Adsorption of Uracil on Copper(II)-loaded, Peat- and Soil-derived Humic Acids, by G Davies, EA Ghabbour and NA Smith, 216th ACS National Meeting, Boston, MA, August, 1998.

Interactions of Humic Acids with Metal Ions and Clays, by G Davies and EA Ghabbour, 1st NOM Workshop, University of Minnesota, October, 1998.

Interactions of Cu(II) and Hg(II) loaded Humic Acids with Uracil, by EA Ghabbour, G Davies and NA Smith, 1st NOM Workshop,, University of Minnesota, October, 1998.

Humic Acid-Minerals Interactions: Adsorption of Humic Acids from different Sources on Kaolinite, by EA Ghabbour, G Davies, K O'Donaughy, TL Smith, 90th Soil Science Society of America National Meeting, Baltimore, MD, October, 1998.

Effects of Cu(II) and Hg(II) loading on Adsorption of Uracil by Humic Acids, by G Davies, EA Ghabbour and NA Smith, 90th Soil Science Society of America National Meeting, Baltimore, MD, October, 1998.

Adsorption of Uracil on Copper(II)-Loaded Peat and Soil Derived Humic Acids, by G Davies, EA Ghabbour and NA Smith, First International Conference Role of Chemistry Administration for Attending Environment and Society, Cairo, Egypt, December, 1998.

Evaluation of Solid-Solid-State ^{13}C NMR Techniques in the Characterization of Humic Acids, by B Xing, J Mao, W Hu, K Schmidt-Rohr, G Davies and EA Ghabbour, Humic Substances Seminar III, Northeastern University, Boston, March, 1999.

Searching Humic Acid Structures, EA Ghabbour, G Davies, K O'Donaughy, A Fataftah, NA Smith, D Sorour, R Dunfee, N Ghali, Y-Y. Lam and M Vozzella, Greater New England Physical Chemistry Poster Session, Northeastern University, April, 1999.

Searching Humic Acid Structures, by EA Ghabbour, G Davies, K O'Donaughy, M Mulligan, NA Smith, D Sorour, R Dunfee, N Ghali, Y-Y. Lam and M Vozzella, Research and Scholarship Poster Session, Northeastern University, May, 1999.

The Effect of Temperature on Tight Metal Binding by Peat and Soil Derived Solid Humic Acids, by G Davies, EA Ghabbour, NK Ghali and MD Mulligan, 218th ACS National Meeting, New Orleans, LA, August, 1999.

Isolation of Humic Acids from the Water Hyacinth, Eichhornia crassipes, by EA Ghabbour, G Davies, Y-Y Lam, J Mao and B Xing, 218th ACS National Meeting, New Orleans, LA, August, 1999.

Adsorption of Nucleic Acid Constituents on Solid Peat and Soil Derived Humic Acids, by EA Ghabbour, G Davies, RA Dunfee, AA Smith and ME Vozzella, invited lecture, Symposium on Humic Substances in Soil and Related Environments, Canadian Society of Soil Science Annual Meeting, Charlottetown, Prince Edward Island, Canada, August, 1999.

Tight Metal Binding by Peat and Soil Derived Humic Acids, by G Davies, EA Ghabbour, NK Ghali and MD Mulligan, Symposium on Humic Substances in Soil and Related Environments, Canadian Society of Soil Science Annual Meeting, Charlottetown, Prince Edward Island, Canada, August, 1999.

The Effect of Temperature on Tight Metal Binding by Peat and Soil Derived Solid Humic Acids, by G Davies, EA Ghabbour, NK Ghali and MD Mulligan, ACS Environ. Chem. Preprints, 1999, 39: 33-35.

Isolation of Humic Acids from the Water Hyacinth, Eichhornia crassipes, by EA Ghabbour, G Davies, Y-Y Lam, J Mao and B Xing, ACS Environ. Chem. Preprints, 1999, 39: 225-227.

Adsorption of Nucleic Acid Constituents on Solid Metal-Loaded Peat and Soil-Derived Humic Acids, by EA Ghabbour, G Davies, RA Dunfee, NA Smith and ME Vozzella, Barnett Institute Bioanalytical Division Retreat, September, 1999.

Undergraduate Adventures with Humic Acids, by G Davies and EA Ghabbour, Bates College, November, 1999.

Tight Metal Binding by Peat and Soil Derived Solid Humic Acids, by G Davies, EA Ghabbour, NK Ghali and MD Mulligan, 91th Soil Science Society Annual Meeting, Salt Lake City, UT, November, 1999.

Examination of Humic Acids Using Solid State 13C NMR Techniques, by B Xing, J Mao, WG Hu, K Schmidt-Rohr, G Davies and EA Ghabbour, 91th Soil Science Society Annual Meeting, Salt Lake City, UT, November, 1999.

Back to the Future: Critical Analysis and Perspectives of Electrophoretic Techniques Applied to Humic Substances at the Beginning of the New Millenium, by M De Nobili, J Niraneza, EA Ghabbour and G Davies, Humic Substances Seminar IV, Northeastern University, March, 2000.

Adventures with Humic Acids, by G Davies and EA Ghabbour, University of Arizona, April 2000.

Linear Correlations of Enthalpies and Entropies of Metal Binding by Solid Humic Acids, by M Shaker, EA Ghabbour, G Davies, A El-Toukhy and IM.Abid, 33rd ACS Middle Atlantic Regional Meeting, University of Delaware, May, 2000.

Effects of Tightly Bound Metals on the Sorptive Properties of Solid Humic Acids, by EA Ghabbour, RA Dunfee, M Zovko and G Davies, 3rd Intern. Symposium of the Working Group ISMOM of the International Union of Soil Sciences, Interactions of Soil Minerals with Organic Components and Microorganisms, Naples, Italy, May, 2000.

Thermodynamics of Metal Binding by Solid Humic Acids, by EA Ghabbour, M Shaker, G Davies, A El-Toukhy and IM Abid, 3rd Intern. Symposium of the Working Group ISMOM of the International Union of Soil Sciences, Interactions of Soil Minerals with Organic Components and Microorganisms, Naples, Italy, May, 2000.

Tight Metal Binding by Water Hyacinth-derived Humic Acids, by EA Ghabbour, A El-Shafey and G Davies, 33rd ACS Middle Atlantic Regional Meeting, University of Delaware, May, 2000.

Tight Metal Binding by Water Hyacinth-derived Humic Acids, by EA Ghabbour, A El-Shafey and G Davies, Northeast Regional ACS Meeting (NERM), University of Connecticut, June, 2000.

Metal Binding by Solid Humic Acids, by M Shaker, EA Ghabbour, G Davies, A El-Toukhy and IM Abid, Northeast Regional ACS Meeting (NERM), University of Connecticut, June, 2000.

Metal Binding by Solid Humic Acids is Free-Energy Buffered, by EA Ghabbour, M Shaker, G Davies, A El-Toukhy and IM Abid, 10th Biennial Conference of the International Humic Substances Society, Toulouse, France, July, 2000.

Tightly Bound Metals Affect the Sorptive Properties of Solid Humic Acids, by EA Ghabbour, RA Dunfee, M Zovko and G Davies, 10th Biennial Conference of the International Humic Substances Society, Toulouse, France, July, 2000.

Tight Metal Binding by Solid Humic Acids Isolated from the Water Hyacinth, Eichhornia crassipes, by G Davies, EA Ghabbour and A El-Shafey, 10th Biennial Conference of the International Humic Substances Society, Toulouse, France, July, 2000.

Temperature Independent Site Occupation in the Tight Binding of Iron(III) by a Solid Soil-Derived Humic Acid, by M Shaker, EA Ghabbour, G Davies, A El-Toukhy and IM Abid, 10th Biennial Conference of the International Humic Substances Society, Toulouse, France, July, 2000.

Adventures with Humic Acids, by EA Ghabbour, at Swiss Federal Institute of Technology, ETH Zurich, December 2000.

Understanding Humic Substances, by EA Ghabbour, Inorganic and Physical Chemistry Seminar Series, Northeastern University, January 2001.

XAFS Studies of Tight Co(II) Binding by Plant, Sediment and Soil Derived Solid Humic Acids and Gels, by EA Ghabbour, A Scheinost and G Davies, SES II, Argonne National Laboratory, Hinsdale, Illinois, May, 2002, poster # 15.

Thermodynamics of Metal Binding by Solid Humic Acids. Implications for Soil Processes, by EA Ghabbour and G Davies, 6th International Conference on the Biogeochemistry of Trace Elements (ICOBTE), University of Guelph, Canada, August, 2001.

Characterization of Humic Acid Using 1D and 2D Solution NMR Techniques, by K Wang, LC Dickinson, EA Ghabbour, G Davies and B Xing, Humic Substances Seminar V, Northeastern University, Boston, MA, March, 2001, p. 34.

Ni Speciation in a Humic Acid-Kaolinite System, by M Nachtegaal, EA Ghabbour, G Davies and DL Sparks, Humic Substances Seminar V, Northeastern University, Boston, MA, March, 2001, p. 56.

Understanding the Effect of Metals on the Macroscopic Properties of Solid Humic Acids, by EA Ghabbour, Analytical and Environmental Chemistry Seminar Series, University of Massachusetts, Lowell, MA, April 2001.

Mechanisms of DNA and RNA Constituent Interactions with Humic Acids Used to Treat Cancer, by EA Ghabbour, D Lawton, G Davies, S McNutt and T Renzi, Sci-Tech Expo, Northeastern University, May, 2002.

XAFS Studies of Cobalt(II) Binding by Peat, Plant and Soil Derived Humic Acids, by EA Ghabbour, A Scheinost, G Davies, Twentieth Anniversary Biennial Conference of the International Humic Substances Society, Boston, MA, July, 2002, poster # 123.

Sorption of Humic Acids by Clay Minerals and Its Effect on Interactions between Organic Compounds and Soil Humic Substances, by K Wang, EA Ghabbour, G Davies, B Xing, Humic Substances Seminar VI, Northeastern University, July 2002, p. 22.

XAFS Studies of Tight Metal Binding by Solid Humic Acids, by EA Ghabbour, G Davies, Invited Lecture, NSLS International Environmental Workshop, Brookhaven National Laboratory, Upton, New York, May, 2003.

NEXAFS Spectroscopic Studies of Humic Substances and their Metal Binding Affinity, by M Nachtegaal, C Jacobsen, EA Ghabbour, G Davies, DL Sparks, Environmental Workshop, NSLS Annual Users' Meeting, Brookhaven National Laboratory, Upton, NY, May 2003.

Humic Acid-Bound Magnesium Catalyzes Adenosine Hydrolysis, by S McNutt, EA Ghabbour, G Davies, Sci-Tech Expo, Northeastern University, March, 2003.

Humic Acid-Bound Magnesium Catalyzes Adenosine Hydrolysis: Relevance to Cancer Therapy and Nucleobase Recovery, by S McNutt, EA Ghabbour, G Davies, Experiential Education Expo, Northeastern University, May, 2003.

Adsorption of Nucleic Acid Constituents Adenine Triad Solutes on an Iron(III)-Loaded Soil-Derived Humic Acid, by EA Ghabbour, K Collins, J-BT Park, M Price, G Davies, Northeastern University Scholarship & Technology Expo, March 2004.

A Magnesium-Loaded Humic Acid as an Adsorbent of the Nucleic Acid Constituents Uracil Triad Solutes, by EA Ghabbour, LB Kennedy, C Nguyen, A Shareb, G Davies, Northeastern University Scholarship & Technology Expo, March 2004.

Adsorption of the Adenine Triad Solutes on a Calcium-Loaded Solid Humic Acid, by EA Ghabbour, J Blakeman, K Datta, K Piasta, G Davies, Northeastern University Scholarship & Technology Expo, March 2004.

Humic Acid-Bound Magnesium Catalyzes Adenosine Hydrolysis, by EA Ghabbour, S McNutt, G Davies, 12th Biennial Conference of the International Humic Substances Society, San Pedro, Brazil, July 2004.

Adsorption of Nucleic Acid Constituents Adenine and Adenosine on an Iron(III)-Loaded Soil-Derived Humic Acid, by EA Ghabbour, K Collins, J-BT Park, M Price, G Davies, 12th Biennial Conference of the International Humic Substances Society, San Pedro, Brazil, July 2004.

A Magnesium-Loaded Humic Acid as an Adsorbent of the Nucleic Acid Constituents Uracil and Uridine, by EA Ghabbour, LB Kennedy, C Nguyen, A Shareb, G Davies, 12th Biennial Conference of the International Humic Substances Society, San Pedro, Brazil, July 2004.

Adsorption of Adenine or Adenosine on a Calcium-Loaded Solid Humic Acid, by EA Ghabbour, J Blakeman, K Datta, K Piasta, G Davies, 12th Biennial Conference of the International Humic Substances Society, San Pedro, Brazil, July 2004.

Isolation of Humic Acids from North American Soil, by A Visentin, M Trautwein, D Olenczuk, A Kallmerten, S Muser, EA Ghabbour, G Davies, Research & Technology Expo, Northeastern University, March 16, 2005.

Adsorption of Nucleic Acid Constituents on an Iron(III)-Loaded Irish Peat Derived Solid Humic Acid, by S Soucek, K Bindra, C Fyffe, EA Ghabbour, G Davies, Research & Technology Expo, Northeastern University, March 15, 2006.

Isolation of Humic Acids from Water Hyacinth Plants in the St. John's River, Florida, D Alcindor, S Casseus, EA Ghabbour, G Davies, Research & Technology Expo, Northeastern University, March 15, 2006.

Adsorption of Nucleic Acid Constituents Adenine, Adenosine and Adenosine-5'-monophosphate on an Iron(III)-Loaded German Peat Derived Solid Humic Acid, by B Kranzel, E Hagan, K Hall, EA Ghabbour, G Davies, Research & Technology Expo, Northeastern University, March 15, 2006.

Adsorption of Nucleic Acid Constituents on an Iron(III)-Loaded Irish Peat Derived Solid Humic Acid, by S Soucek, K Bindra, C Fyffe, EA Ghabbour, G Davies, Women in Science & Engineering Symposium, Northeastern University, April 5, 2006.

Isolation of Humic Acids from Water Hyacinth Plants in the St. John's River, Florida, by D Alcindor, S Casseus, EA Ghabbour, G Davies, Women in Science & Engineering Symposium, Northeastern University, April 5, 2006.

Adsorption of Nucleic Acid Constituents Adenine, Adenosine and Adenosine-5'-monophosphate on an Iron(III)-Loaded German Peat Derived Solid Humic Acid, by B Kranzel, E Hagan, K Hall, EA Ghabbour, G Davies, Women in Science & Engineering Symposium, Northeastern University, April 5, 2006.

Isolation of Humic Acids from Water Hyacinth Plants in the Saint John's River, Florida, by D Alcindor, S Casseus, G Davies, EA Ghabbour, Soil Science Society of America National Conference, Philadelphia, PA, July 11, 2006.

Adsorption of Nucleic Acid Constituents on an Iron(III)-Loaded Irish Peat-Derived Solid Humic Acid, by S Soucek, K Bindra, C Fyffe, EA Ghabbour, G Davies, Soil Science Society of America National Conference, Philadelphia, PA, July 11, 2006.

Adsorption of Nucleic Acid Constituents Adenine, Adenosine and Adenosine-5'-monophosphate on an Iron(III)-Loaded German Peat Derived Solid Humic Acid, by BL Kranzel, EM Hagan, KR Hall, EA Ghabbour, G. Davies, Soil Science Society of America National Conference, Philadelphia, PA, July 11, 2006.

Adsorption of Nucleic Acid Constituents Adenine, Adenosine and Adenosine-5'-monophosphate on an Iron(III)-Loaded German Peat Derived Solid Humic Acid, by EA Ghabbour, G Davies, B Kranzel, E Hagan, K Hall, University Homecoming/Library Display, Northeastern University, October, 2006.

Adsorption of Nucleic Acid Constituents on an Iron(III)-Loaded Irish Peat Derived Solid Humic Acid, by EA Ghabbour, G Davies, S Soucek, K Bindra, C Fyffe, University Homecoming/Library Display, Northeastern University, October, 2006.

Isolation of Humic Acids from Water Hyacinth Plants in the St. John's River, Florida, by EA Ghabbour, G Davies, D Alcindor, S Casseus, University Homecoming/Library Display, Northeastern University, October, 2006.

Soil Derived Humic Acid Aerogels, by RJ Willey, G Davies, EA Ghabbour, JA Jordon, DJE Roth, J Minicucci, University Homecoming/Library Display, Northeastern University, October, 2006.

Soil Derived Humic Acid Aerogels, by JA Jordon, DJE Roth, J Minicucci, RJ Willey, G Davies, EA Ghabbour, Research & Technology Expo, Northeastern University, March 28, 2007.

Adventures with Humic Acids, Arctech, Inc., Chantilly, VA, March, 2008.

Advances in Humic Acid Research, by EA Ghabbour, Soil Water & Environmental Research Institute, Cairo, Egypt, October 20, 2008.

The National Soil Project, Morningstar Minerals, Farmington, NM, August, 2008.

The National Soil Project at Northeastern University by EA Ghabbour, G Davies, J Daggett, C Worgul, G Wyant, Mir-M Sayedbagheri, Humic Science & Technology Conference 13, Northeastern University, March, 2010.

Reproducible Measurements of the Sequestered Carbon in Lignites and Agricultural Top Soils, by EA Ghabbour, G Davies, National Soil Survey Conference, Elizabethtown, PA, June 2010.

Reproducible Measurements of the Sequestered Carbon in Lignites and Agricultural Top Soils, by EA Ghabbour, G Davies, National Soil Survey Conference, Asheville, NC, June 2011.

Measuring the Humic Substances Content of Commercial Lignites and Agricultural Top Soils in the National Soil Project, by EA Ghabbour, G Davies, R Alami, E Askounis, Z Bonin, Humic Science & Technology Conference 15, Northeastern University, March 2012.
Humic Substances Content of Agricultural Soils in the National Soil Project, by EA Ghabbour, G Davies, R Alami, AA Sayeed, Northeast Regional Soil Survey Conference, Orono, ME, June 2012.
